

The Calm After the Storm

Developing Strength Out Of Weakness

What happens when 'doing the best we can' isn't good enough? When the Comm Center evacuates, when our response vehicles become useless, when lives slip away into the darkness, how do we ensure it never happens again? We learn, adapt and overcome . . .

GUEST SPEAKERS TO INCLUDE:

Stephen Gordon, ENP—Orleans Parish Communications Director

Mark Grant, RPL ENP—Dyersburg 9-1-1 Communications Center

Louis Friedmann—TN Statewide Interoperability Coordinator

Mark Garland—KY Office of Emergency Management Region 1 Supervisor

. . . This one day event will feature speakers who have developed strength through America's most trying times: Hurricane Katrina, the 2009 Ice Storms, the Gulf Oil Spill, and the 2010 Floods. Their insights will help prepare your agency for the next "Big One". Do not miss this opportunity to hear and meet these subject matter experts!

Please Fax Registration to 731-364-6791 or email to jamison@wc911.com
