RESOLUTION AUTHORIZING THE POSTING OF
WEIGHT LIMITS ON COUNTY ROADS AND BRIDGES
AND ESTABLISHING RULES AND REGULATIONS FOR A
PERMIT SYSTEM FOR WEAKLEY COUNTY, TENNESSEE

WHEREAS, the roads and bridges of Weakley County have been and continue to be severely damaged by overweight trucks and trailers; and,

WHEREAS, Section 59-1111, Tennessee Code Annotated, gives appropriate County officials authority to reduce gross weight limits allowed on local county and rural roads; and,

WHEREAS, the aforementioned statute allows authorized county officials to issue permits to persons or firms wishing to move equipment and/or commodities over Tennessee highways which would exceed any weight or size limitation placed on county roads; and,

WHEREAS, these permits would provide for the indemnification of the county against damage to county roads or the traveling public by the movement of overweight motor vehicles.

NOW THEREFORE BE IT RESOLVED, That the Weakley County Highway Supervisor post local county and rural roads with weight limits these roads and bridges can withstand without causing damage to both the road surface and the foundation.
