

Resolution 92-50

In order to make more efficient the process for selection of County Commissioners in Weakley County and allow voters the opportunity to clearly indicate their choices when voting for County Commissioners,

Resolved,

1. That one Commissioner position in each District be designated as Position 1 and the other as Position 2.
2. That candidates for Commissioner declare the Position for which they are running.
3. Candidates for an uncontested Position will be declared the winner of that Position if they receive at least one (1) vote.
4. Candidates declared for a Position will not be involved in elections for the other Position in that District.
5. Position designations will not impact the geographic area represented or have any other impact once elections are completed.
6. This procedure will be implemented by designation of incumbent Commissioners as occupying Position 1 or Position 2 based upon the tenure of each incumbent as Commissioner at time of implementation (the Commissioner with the longer tenure will be designated as Position 1).
7. This resolution will be effective immediately and implemented prior to the next County Commissioner elections.
